

PRESS RELEASE

Explore the Gulf of Thailand with Banyan Tree Samui's very own Private Speedboat

Singapore, July 2015: Koh Samui is the perfect base to explore the wonderful islands in the Gulf of Thailand. The archipelago is home to a huge array of pristine islands and deserted beaches. Banyan Tree Samui has recently commissioned a custom-built speedboat, perfectly designed to discover Thailand's tropical islands in style. Whether it's arriving to the resort via speedboat from the airport; making an entrance to a wedding or party on the beach or exploring the stunning beauty of surrounding islands directly from the resort's private bay, Banyan Tree Samui combines unique cruising experiences with seamless service on board its new speedboat: the 'Sense of the Sea'.

Adventure seekers can embark on a full day trip to Koh Tao and Ang Thong Marine Park; whilst half day trips are available to Koh Taen and Koh Matsum. Guests can snorkel and dive amongst colourful tropical marine life, enjoy breathtaking views, sunbath and swim in secluded lagoons or relax with a sunset cruise along the coast, champagne in hand.

Returning to Banyan Tree Samui, Sands, the resort's beachside grill restaurant offers guests an exclusive dining experience, with a limited number of private tables dotted along the resort's private beach. Enjoy delicious cuisine in the company of loved ones under the moonlight.

Retreat from the dizzy pace of modern life into one of Banyan Tree Samui's signature pool villas. Overlooking scenic Lamai Bay, the villas are raised on stilts, designed in keeping with traditional Thai style. Take a refreshing dip in your private pool, and round off the day with an in-villa BBQ under the stars as the sun dips and the night beckons. Or dine on authentic Thai Food at Banyan' Tree signature restaurant Saffron.
