WELCOME

Banyan Tree Tengchong is located in the heart of the Gaoligong Mountains, an important strategic site in the old Tengyue Prefecture famous for its hot springs, breathtaking scenery, pleasant climate, rich heritage and ethnic diversity.

With state-of-the-art facilities, thoughtful services, a pristine natural environment and geothermal resources, our hot spring resort delights guests with Banyan Tree's signature hospitality and offers bespoke holidays full of romance, comfort and an authentic destination experience.

LET US WRITE YOUR STORY

Every Banyan Tree experience is defined by our dedication to creating personal and intimate stories for every one of our guests. All of our destinations reflect and celebrate the local traditions and culture. Each of our spaces is designed to inspire a journey that nourishes and rejuvenates the body, mind, heart and soul.

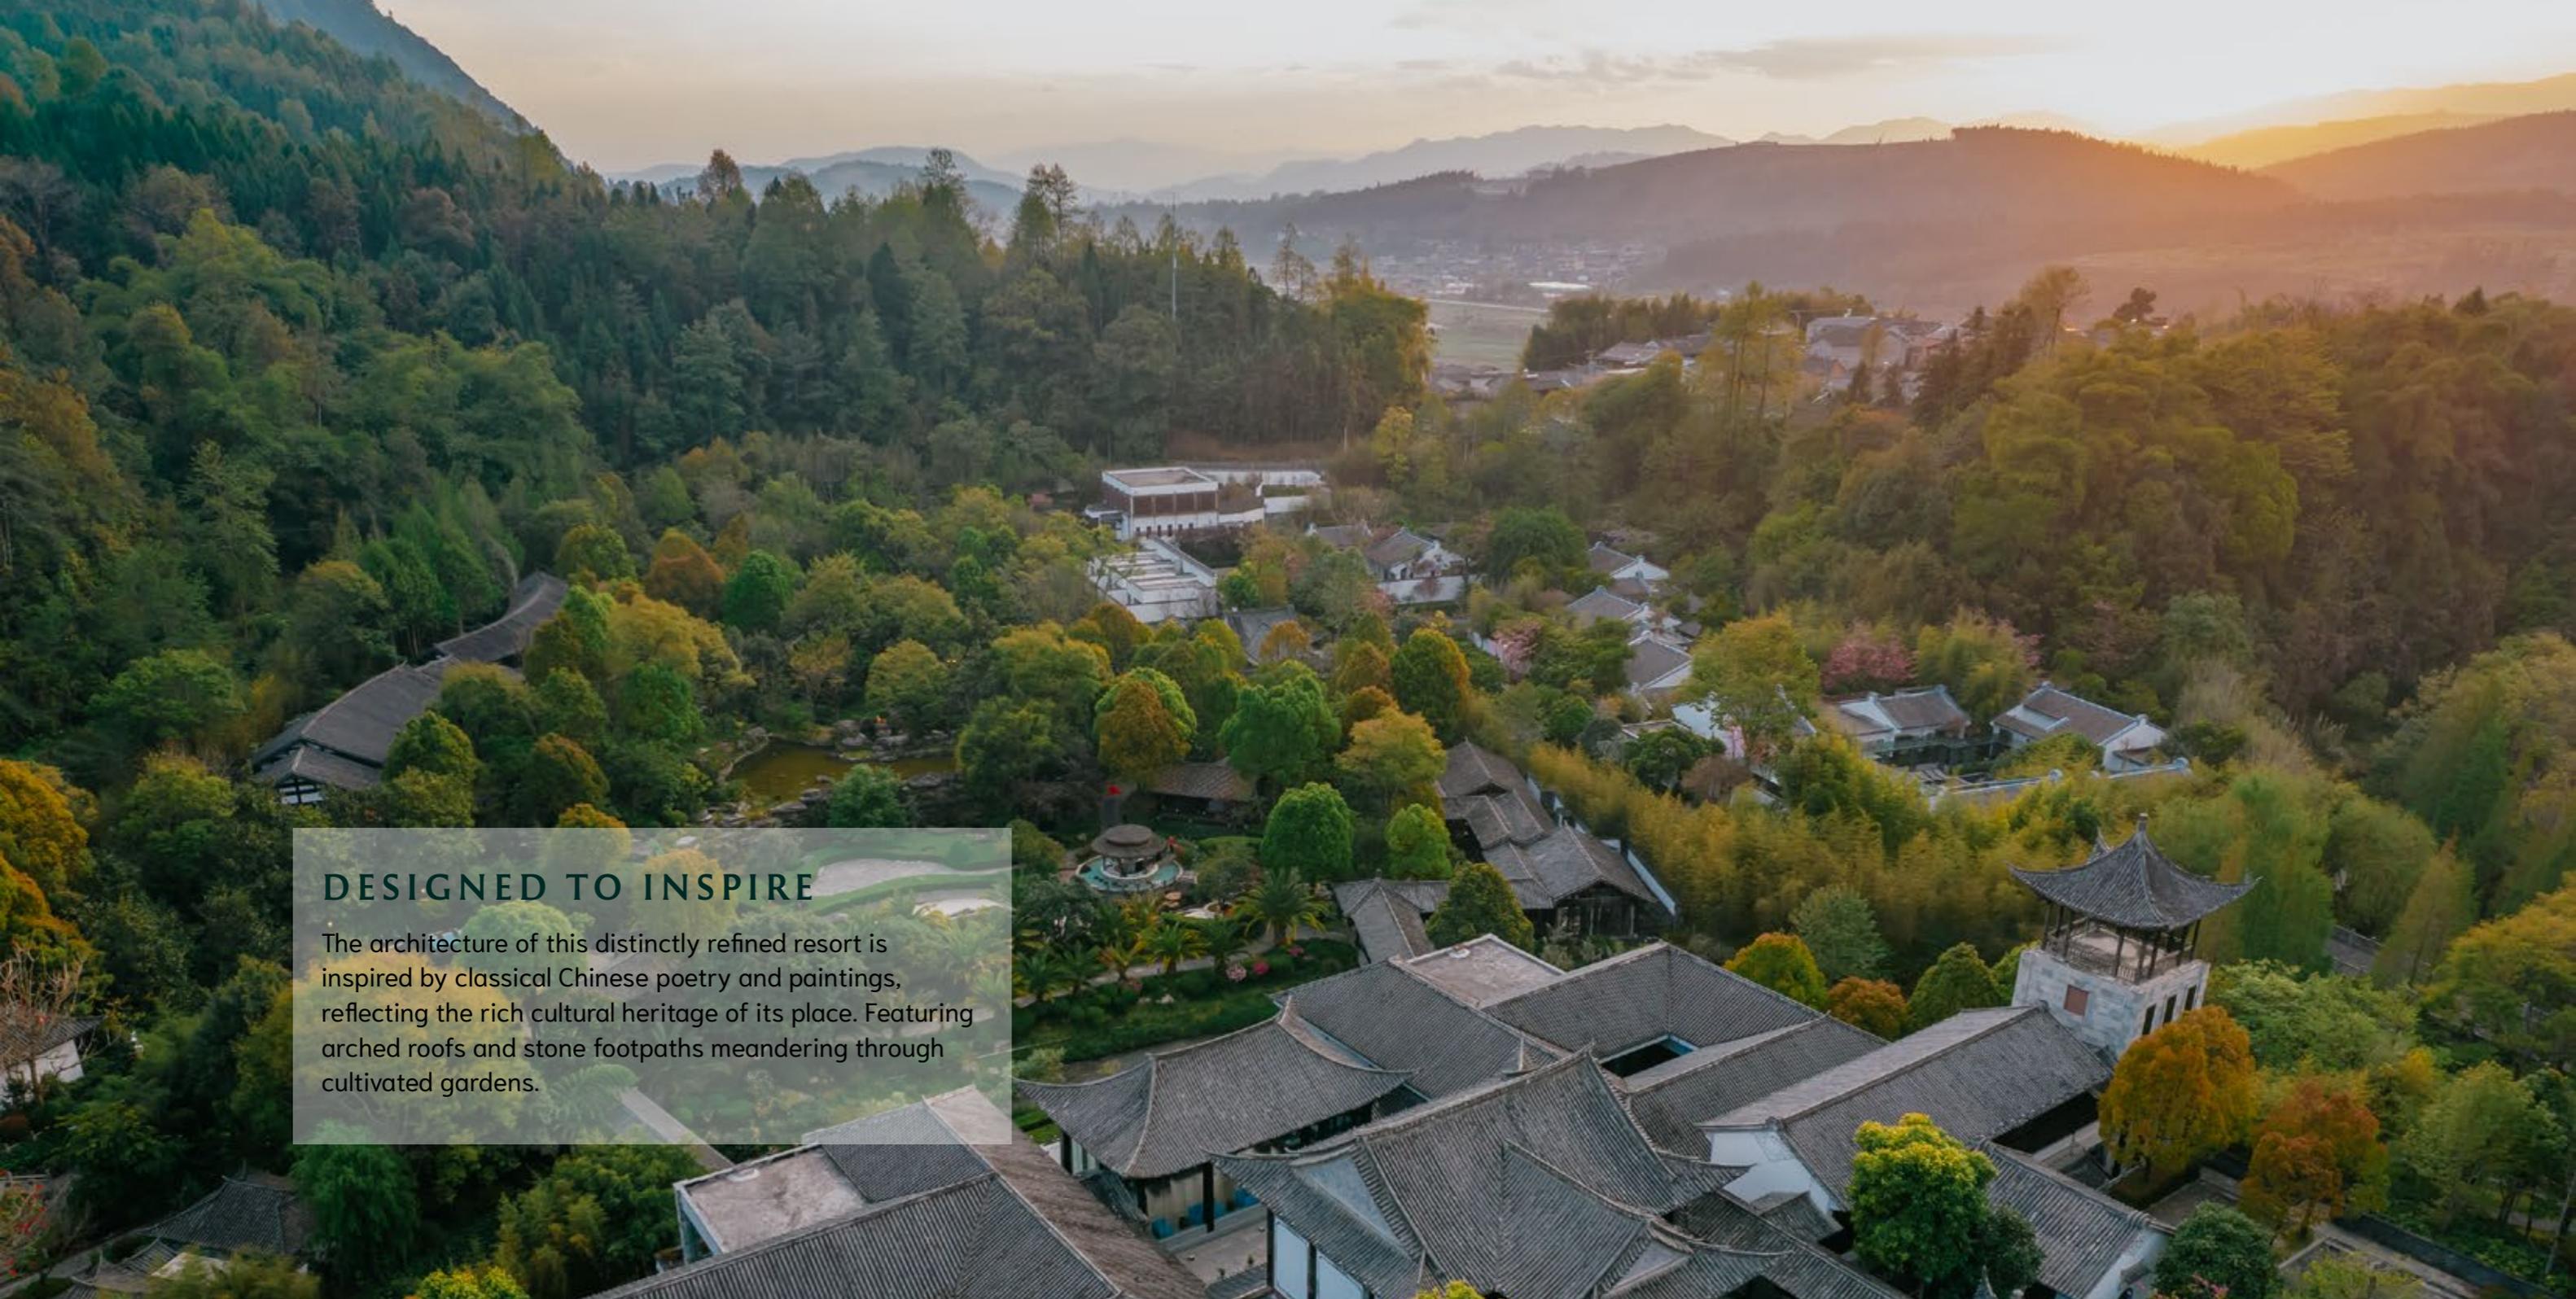

Alongside the communities we work with, we are a family that tirelessly seeks to create a collection of signature experiences that makes stories out of moments and memories from stories.

DESTINATION PARADISE

Banyan Tree Tengchong is a 30-minute scenic drive from Tengchong Airport. Over 80% of its signature attractions are within a half hour drive from the resort, including Beihai Wetland Nature Reserve, Volcano Park, Cherry Blossom Valley and Heshun Old Town. Redefining natural hot spring experience with its rich geothermal resources and world-class facilities The resort creates a “Sanctuary for the Senses” in an intimate and romantic setting, away from the hustle and bustle of city life where guests can enjoy hot spring and a wellness getaway.

DESIGNED TO INSPIRE

The architecture of this distinctly refined resort is inspired by classical Chinese poetry and paintings, reflecting the rich cultural heritage of its place. Featuring arched roofs and stone footpaths meandering through cultivated gardens.

RELAX AND UNWIND

Taking advantage of its natural geothermal resources, not only it offers a new hot spring experience with 3 geothermal pools of different temperatures but also Onsen Garden features 4 outdoor mineral pools, allowing guests to fully relax in the restorative hot spring while enjoying the surrounding nature. The resort's thermal water contains high concentration of therapeutic silicic acid fluoride, rich in microelements that can benefit our body. With neutral texture, taste and color, the water is one of the few local hot springs that can be used for drinking, bathing and therapy.
