## WELCOME

Travelling is the continuous journey of discovery and adventure.

Driven by our passion for sustainability and celebrating the beauty of the world, we made an idea an ideal by crafting experiences that bring people and nature closer together.

Together with our thoughtful hosts, we welcome you into our sanctuary to uplift your senses and re-discover the moments to connect with yourself and your loved ones.

## LET US WRITE YOUR STORY

Every Banyan Tree experience is defined by our dedication to creating personal and intimate stories for every one of our guests. All of our destinations reflect and celebrate the local traditions and culture. Each of our spaces is designed to inspire a journey that nourishes and rejuvenates the body, mind, heart and soul.

Alongside the communities we work with, we are a family that tirelessly seeks to create a collection of signature experiences that makes stories out of moments and memories from stories.

## DESTINATION PARADISE

Located only 45 minutes by limousine from Krabi International Airport, Banyan Tree Krabi is the authentic tropical resort experience. The resort occupies a serene location on Tubkaek Beach and is nestled into a hillside where it commands a direct view of the spectacular karst limestone towers protruding from the Andaman Sea. Our award-winning Banyan Tree Spa, along with a list of signature treatments, makes this the ideal destination for a private getaway.

## DESIGNED TO INSPIRE

Locally-infused design elements are prevalent across numerous touchpoints throughout the guest experience and reflect the long-held beliefs of the community in which they operate. The residents of Krabi province refer to Dragon Crest Mountain, located adjacent to our resort, as 'The Great Naga', a mythical creature said to be the king of serpents who keeps away bad spirits and protects people from danger.

Design aspects for dining venues contribute to the preservation of Krabi's rich cultural heritage. Rock textures combine with the aesthetics of the recurring serpentine elements and blend seamlessly with traditional southern Thai decorations such as fishery decorations, natural materials including rattan, and golden rice plants symbolizing abundance to culminate in a centralized theme of 'The Luxury Naga Gathering' for the guests' culinary experience.
